

# Baan Hom Samunphrai Map

We are **9 kms** south of Chiang Mai (bottom left on the map).

If you are coming from the **Old City**, start from the south west corner of the **Klong** (moat) and follow the highway past the Airport Plaza Shopping Mall. After 3.5km you will see a big blue & white sign for S.B.Furniture high up on your left. Turn **left** for 50 metres and then turn **right** to pass under the **Mahidol Highway Bridge**.

If you start from the centre of the **Night Bazaar** you will be on **Chang Klang Road** which goes almost the whole way. You pass Macdonalds on your left and then continue straight for about 3 kms until you pass under the same highway bridge. The rest is easy.

Show the map to the taxi driver -- tell him you want to go to **Saraphi** near the **McKean Hospital** ('**Rong Payabaan McKean**' in Thai). He will phone us if he can't figure out the map.
